

What does Freestyle mean?

Freestyle means "free style". Freestyle is a discipline of 1 participant where aspects such as beauty, difficulty and composition of tricks are valued, within a flight set.

Freestyle involves a participant who flies within the rules of the freestyle flying discipline.

WHAT DOES THE COMPETITION CONSIST OF ?

There are 2 types of rounds in the competition: Compulsory Rounds and Musical Rounds

"Compulsory Round"

There are two compulsory rounds (technical routines in the discipline) where each participant must perform three compulsory exercises. The participant who performs a round with the greatest technical difficulty, artistic beauty and which is carried out correctly within the expected time (1 minute) will obtain the highest score.

"Musical Round"

The third round, the free routine, is chosen by the flyer and the movements are performed to the rhythm of the music chosen by the flyer.

The routine starts when the flyer starts flying in the tunnel, and should last between 2 to 3 minutes.

How is it judged?

In the compulsory rounds, evaluation is based on Technique, Performance and Artistic Merit.

- Technique and Difficulty
- Creativity
- Execution

In free rounds with music, in addition to the above, the synchronization of the routine with music will be assessed.

The judges will make their evaluations when scoring:

THE COMPETITION FORMAT:

The participant will perform the different rounds and the winner will be the competitor who has scored the most according to the general classification.

At the Wind Games 2018 we have:

JUNIOR FREESTYLE: for competitors between the ages between 4 and 14

OPEN FREESTYLE: for competitors over the age of 14.
